PROFILE

Product / UX/UI Designer with 4+ years of experience across product companies, agencies, and education. Strong in end-to-end product design: UX strategy, user flows, UI, and business communication. Comfortable working autonomously and using AI tools to accelerate design and production

EXPERIENCE

Valiotti Analytics

Product / UX/UI Designer

Aug 2025 – Jan 2026

Designed and launched websites from scratch; created commercial proposals and pitch decks; designed interactive communication mechanics; delivered full print-ready book production; used AI tools to speed up production; owned projects end-to-end.

Smart Leads LLC

UX/UI Designer

Mar 2024 – Jun 2025

Contributed to launching a new product direction; designed UX flows and visual hierarchy; improved conversion-focused scenarios; created marketing materials and presentations; collaborated with business stakeholders and developers.

Yandex

UX/UI Design Reviewer & Mentor

Aug 2022 – May 2025

Reviewed and mentored UX/UI projects (junior to middle); identified UX issues and provided structured feedback; guided projects from idea to final UI; planned workload independently.

WIM Agency

UX/UI Designer

Oct 2023 – Feb 2024

Worked on multi-industry client projects; designed emails using design systems; delivered presentations and marketing materials under tight deadlines.
